## FOR PREVENTING THE SPREAD OF COVID-19

### *What we're doing...*

- 1. Social distancing is encouraged, reminders are posted throughout the café and outside ..... 
- 2. All dining tables are 8 feet apart
- 3. We are offering all guests a 3-ply face covering if you do not have your own ..... 
- 4. All employees will be wearing face coverings at all times, even while cooking
- 5. We are using all biodegradable disposables to minimize viral transmission ..... 
- 6. We have installed Air Scrubbers that puts out H2O2 (hydrogen peroxide at 0.2 ppm) that will help sanitize airborne pathogens and all surfaces ..... 
- 7. We bought entirely new computers and software to achieve our "Touch-less Café" approach ..... 
- 8. We strongly promote takeout for the safest way to access our delicious food
- 9. If you place a to-go order it's the same online ordering and we will have a self-service rack for easy, contactless pickup .....
